

ENGINEERING INSURANCE

SECURING INSPIRED DEVELOPMENT

With our 48+ years' heritage, Sukoon Insurance PJSC (hereinafter referred to as "Sukoon"), one of the leading insurers in the UAE, offers a flexible and customized approach to insurance challenges. With a gross written premium of AED 3.54 billion in 2021, Sukoon is A rated by AM Best, A by Standard & Poor's and A2 by Moody's.

The region is witnessing a wealth of rapid infrastructure developments on the back of several ambitious projects. With our dedicated team of experts we deliver superior engineering insurance solutions across the Middle East, and North Africa to support these confident plans.

Our engineering solutions provide valuable protection against risks associated with key infrastructure projects, high profile construction projects and cover for construction related plants and heavy machinery. Additionally, we leverage our long-standing experience in the industry to guide our clients with adopting industry best practices when it comes to risk management.

Our Risk Appetite

Infrastructure Projects | Educational & Research Institutes | Medical Institutes | Hospitality Houses | Retail Outlets | Cinemas, Auditoriums & Entertainment Centers | Airport Terminals & Hangars | Sports Centers | Museums | Manufacturing & Processing Plants | Storage Facilities | Residential & Commercial Premises

Key Business Solutions

Contractor's All Risk and Erection All Risks

Having offered insurance solutions to the construction industry for over four decades, we understand the complex risk protection requirements of this segment. Our solutions include the typical protection from Property Damage, TPL for bodily injury and other construction liabilities.

Speciality Machinery Covers

Construction sites typically use a wide range of heavy machinery and building equipment. Loss of damage to any of these can have a huge impact on project timelines. Our covers ensure that all the foreseeable risks are protected against so that you can get back to business as quickly as possible after any on-site incident. Some of our covers that can be specifically tailor-made according to construction project requirements are:

- Comprehensive Machinery
- Contractors' Plant and Equipment
- Machinery Loss of Profit due to Machinery Breakdown
- Electronic Equipment
- Boiler Explosion

Business Continuity Covers

Any unexpected pause in activity on a construction site can have huge implications for all stakeholders involved. Our simple business interruption covers ensure that you can go ahead with your plans as scheduled, while we minimize the impact of any incidents with covers like:

- Advance Loss of Profits (ALOP) / Delay in Start Up (DSU)
